

1 INTRODUCTION

- We will work with you to understand your needs and wants, including location, style, budget, and timeline
- Select your new home site. It can be in one of our featured communities, or your own scattered site
- Review the general building process and discuss financing options

2 CHOOSE YOUR PATH

- **SIGNATURE** – Choose from our library of home plans and customize one to meet your needs.
- **LEGACY** – Provide your own set of plans, customize one of our legacy plans, or design a custom home with your unique touches.

3 PRELIMINARY DESIGN

- Review floor plan and exterior of home
- Choose options to personalize your home
- Review specifications and features
- Accept preliminary proposal and submit deposit

4 DESIGN DEVELOPMENT

- **SIGNATURE** - Make any final adjustments to plans (within design requirements) and review cost impact
- **LEGACY** - Make any final adjustments to plans and **bid the plans for final pricing**
- Meet with Design Consultant and review selections categories prior to contract

5 FINAL DOCUMENTS

- Approve final set of drawings
- Review and finalize contract documents
- Discuss lender decision
- Construction on your new home will begin within 6-8 weeks

6 START CONSTRUCTION

- Attend your Orientation meeting with your build team.
- Sign and submit forms for utility service during construction (electric, water, gas, etc.)
- Attend on-site pre-construction meeting with your project manager
- Close construction loan with lender
- Track construction progress and approve selections on your own custom web page!
